About our Subscribers

We have an amazing list of subscribers who are extremely receptive to our email marketing. Each person on the list has subscribed and continues to interact with the messages we send.

Our list is over 16,000 strong. Open rates of 43% are well above industry norms at 34%. Click through rates are between 1-18%, also exceeding the 0.89% industry average.

Whole List E-blast

We make sharing your company and what it has to offer easy with our full list email marketing campaign. You supply the information, links and offer and we do all the layout and design work. Whole list E-blasts are included in our Diamond, Platinum, & Gold Partner Plans.

Members Only E-blast

Each of our partner plans include a members-only email marketing campaign. This works wonderfully as a targeted message with a members-only offer. It's a great way to get samples, discounts, or offers out to all the right people.

Nourishing Bytes E-Newsletter

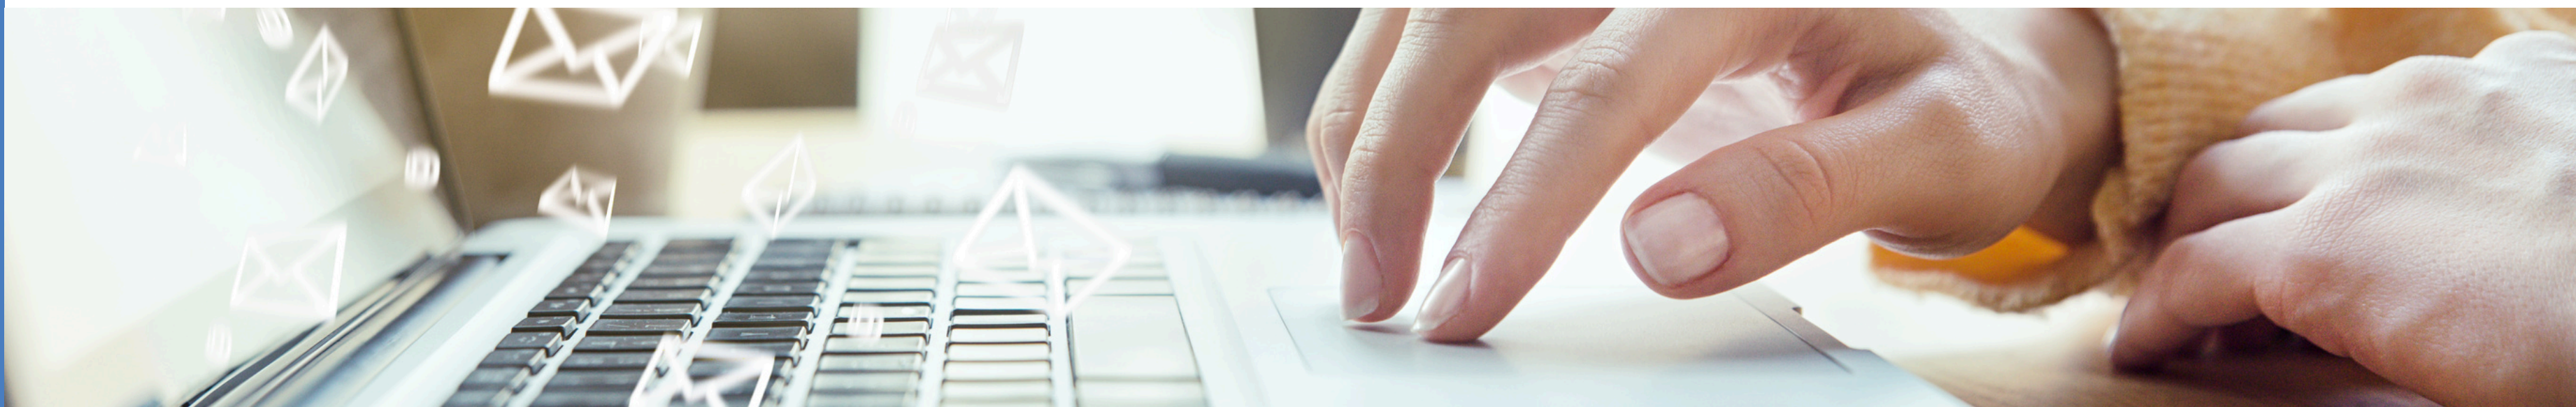

Our bi-weekly newsletter Nourishing Bytes newsletter is sent out every other week to our entire subscriber list.

The advertorial is an amazing opportunity for you to highlight once again your products and/or services. Included with each of our partner plans.

A Nourishing Bytes Sponsorship, also included in each partner plan, is essentially a static advertisement within the newsletter which includes a link to your website.

Video Newsletter Ad

This NEW Diamond partner opportunity is a great way to get noticed with a video that highlights your products and/or services. Provide your pre-made video message (up to 60 seconds in length) or just drop us your pics, logos, and text and we will create one for you.

Nourishing You Podcast Sponsorship

NANP's YouTube channel has over 1,700 subscribers who visit and revisit for the latest and most relevant topics in today's world of Holistic Nutrition. Each month our podcasts receive over 2,100 views watching over 250 hours of this informative podcast.

Diamond and Platinum partners receive a sponsorship message that is strategically placed throughout this one-hour podcast. Additionally, sponsorship is attached to podcast mini-clip marketing, giving you an even broader reach.

The Nourishing You Podcast sponsorship is a pre-recorded version of your company bio that is recorded by a member of the NANP Team and inserted into the podcast for advertising purposes only. This sponsorship does not constitute an invitation or guarantee in any way that a representative of your company will speak or present on the podcast. Podcast guests are chosen independently based on current topic relevance, educational value, and a set schedule of pre-chosen topics. Podcasts are produced for educational value and NOT product-promoting opportunities in any way.

NANP reserves the right to reject applications and/or recorded episodes for any reason or infringement on the pre-set guidelines.
